The regulars are to make no further effort towards harmony with the Shep ard wing. The latter organization will now also have to contend with a new enemy-the Gaynorites. It repreents regular Democrats, Republican and independents, whose one object is to defeat the Shepard Democracy.

To-day's game will be called at 3 o'clock, instead of 3.30. It was so dark in the last inning of Saturday's game that Messrs. Ward and Hanlon agreed that to-day's game must be started earlier. Another reason for desiring an earlier start is the fact that Meekin is a more deliberate pitcher than Rusie.

"Jouett will consume fifteen or twenty minutes more than Amos in a game," said Captain Ward one day in Baltimore, For Baltimore Esper will pitch, and his slow drop ball is likely to fool some of the New Yorkers again, but not more than Meekin's terrific speed will dismay the Orioles; who have not won against him once.

The Shepardites believe that there will be no difficulty in securing signatures, as in Kings County alone, they say there are nearly 10,000 voters who are in sympathy with the movement of a third ticket.

The only candidate spoken of to head the new ticket so far is Charles S. Fairchild, of the Grace Democracy. In view of the talk of a deal between the Grace people and Tammany Hall, it is not believed that Mr. Fairchild would now accept the nomination, although he once professed a willingness to do so.

In Kings County the action of the 250
Republicans who on Saturday night refused to join forces with the Shepardites, has caused considerable feeling to crop.

Wolfe rode 1,035 miles in making the trip, coming across Pennsylvania and New Jersey.

Wolfe was in wonderfuly good physical condition, considering that he had but eleven and a half hours' sleep since leaving Chicago. Last night was spent at a Turkish bath, and the bleyclist appeared at "The Evening World" office this morning, showing no trace of the strain which he had undergone.

Wolfe is a tall, wiry man of thirty-two. His face is smooth-shaven save for short side whiskers, that make him look a little like Cornelius Vanderbilt.

Before leaving the pier she talked to half a dozen cabmen about taking her to the Brunswick, Imperial and Savoy. So far as can be learned she never reached the Holland nor any other leading hotel.

WASHINGTON, Oct. 8.—The crisis of he China-Japan war is looked for within the next ten days or two weeks, by those most interested and best informed on the contest. The legations of the two countries are expecting daily to hear that the decisive battle has been fought.
This is based on the fact that the Japanese have been gradually closing in around Pekin, and the invading army is compelled by force of circumstances to strike its blow at once, or not at all. The intense cold which comes on about the middle of October makes this imperative.

GILROY'S COMMITTEE IN SESSION

German - American Refermers Go Before It and Suggest Charles G. F. Wahle for Sheriff.

Two things were made quite apparent to-day as a result of the meeting of Mayor Gilroy's Advisory Committee on Tammany Hall politics.

One of these things is that Tammany leaders conceive that William R. Grace and his State Democracy hold the key to the local political situation and must be "placated" without regard to the claims of Tammany office-seekers. The other is that the Tammany leaders have come out strong on Senator Hill's har-mony platform to conceal their chagrin at being compelled to divide Congress-men. Assemblymen and local offices with the weaker faction of the party.

All this came out in an apparently

general remark made by Mayor Gilroy after the meeting.
